**YUPO**Blue

## YUPOBLUE - THE INNOVATIVE SYNTHETIC PAPER YOU NEED FOR SMOOTH SAILING THROUGH EVEN THE SMALLEST OF PRINT RUNS.

### YUPOBlue

is Yupo Corporation's newest synthetic paper made specifically for and certified to run on the HP Indigo line of digital printers. Perfect for short-run and customized pieces, YUPOBlue and HP Indigo give you the flexibility of using a superior substrate on those printing projects that must meet the tightest of deadlines. YUPOBlue is not compatible for use with inkjet or laser printers.

### Optional Applications:

Tags, Menu, Register, Tickets, Maps, Business Cards, Luggage Tags, Banners ...

### YUPOBlue and HP Indigo work Digital Wonders:

- 100% Waterproof
